https://my-portfolio-ochre-rho-84.vercel.app

Motivated Software Engineer with hands-on experience in Python, Java, Spring Framework, RESTful APIs, and distributed systems. Completed a Cloud Security bootcamp with practical exposure to AWS infrastructure, IAM, networking, and cloud security best practices. Passionate about building scalable and secure applications using Agile, TDD, and CI/CD, while mentoring peers and collaborating effectively in cross-functional teams. Experienced in cloud automation, Terraform, and monitoring through recent CloudSec Network internship work.

Education

WeThinkCode_ — Johannesburg, Gauteng
Diploma in Software Engineering — *Sep 2024 – Dec 2025*

Experience

Cloud Security Intern — Remote, United States
CloudSec Network — *Jul 2025 – Nov 2025*

- Engineered scalable AWS lab environments using Terraform, improving infrastructure consistency and reducing deployment errors.
- Automated CI/CD pipelines using GitHub Actions and Jenkins to streamline build and deployment workflows.
- Configured AWS CloudWatch dashboards and alerts to strengthen system reliability and incident response.

Placement Facilitator — Johannesburg, Gauteng
*WeThinkCode_* — *Oct 2025 – Dec 2025*

- Guided students through job-readiness processes and connected them with industry partners for employment opportunities.

Volunteering & Leadership

Bootcamp Technical Mentor — Johannesburg, Gauteng
*WeThinkCode_* — *May 2025 – Sep 2025*

- Supported learners with Python fundamentals, debugging, and code reviews to improve coding standards.

Events Coordinator — Johannesburg, Gauteng
*WomenThinkCode_* — *May 2025 – Present*

- Organized workshops, hackathons, and community events to encourage participation of women in tech.

Software Developer — Top 5 Finalist — Remote, South Africa
InterVarsity Hackathon — *Sep 2025*

- Built an AI-powered healthcare booking and triage system using Python, FastAPI, React, and PostgreSQL.

Projects

Smart-Clinic | Python, FastAPI, React, PostgreSQL, Docker — 2025

- Developed AI-powered healthcare platform for patient booking and triage. GitHub

Portfolio Website | React, JS, Bootstrap — 2025

- Created and deployed a personal portfolio website showcasing projects and skills.

JWT Authentication | Java, Spring Boot, SQL — 2025

- Implemented secure JWT-based user authentication and authorization. GitHub

Technical Skills

Languages: Python, Java, C, SQL, JavaScript, HTML/CSS
Backend: Spring Boot, FastAPI, Flask, Node.js, REST APIs
Frontend: React, Bootstrap
Cloud & DevOps: AWS (IAM, Lambda, S3, SQS, DynamoDB, CloudWatch), Terraform, Docker, CI/CD (GitHub Actions, Jenkins)
Tools: Git, GitHub, GitLab, VS Code, IntelliJ

Certifications

AWS Cloud Solutions Certificate — CloudSec Network

Introduction to Cybersecurity — Cisco

Professional Microsoft Security Essentials — Microsoft

Job Simulations (Standard Bank, JPMorgan Chase & Co) — Forage

Currently pursuing: AWS Cloud Practitioner, Microsoft AZ-500
